NOTICE OF SUMMONS AND WARRANT ATTACHMENT

North Carolina, Catawba County, In Catawba County Court.

J. B. Gibbs and J. W. Blackwelder, partners trading as City Feed Co., vs S. C. Cornwell

The defendant above named will take notice that a summons in the above entitled action was issued against said defendant on the 2nd day of October, 1916, by J. T. Setzer, Clerk of the Catawba County Court, for the sum of \$222.63, due said plaintiff by account of goods sold and delivered and by contract and agreement, which summons is returnable to said Catawba County Court on the 8th day of November, 1916, at Newton, N. C.

The defendant will also take notice that a warrant of attachment was issued by the clerk of said court on the said 2nd day of October, 1916, against the property of the said defendant, which warrant is returnable before the said court, at the time and place above named for the return of the summons, when and where the defendant is required to appear and answer or demur to the complaint, or the relief demanded will be granted. This the 6th day of October, 1916. J. T. SETZER, Clerk County Court, Catawba County

SIGNS OF THE TIME.

One of the important indications pointing to a general awakening in the direction of fire protection and prevention was the recent action of the International Association of Fire Chiefs and Engineers, advocating a more extensive use of automatic sprinklers and urging the passage of ordinances requiring automatic sprinklers to be installed in buildings where conditions favor the inception and spread of fire, especially where the safety of life is menaced. The resolutions of the fire chiefs included the appointment of committees "to consider the compulsory requirements for installations of automatic sprinkler systems and to investigate ways and means whereby automatic sprinkler systems may be used to best advantage by fire departments as fire defense auxiliaries." Surely the work of fire protection and prevention is growing in popular esteem. —Fire Facts.

LIFE HAZARD.

The Indiana fire marshal receives reports of deaths by fire, and these reports show that during the year 50 adults and 21 children, a total of 71 persons, lost their lives. Gasoline explosions were responsible for a total of 15 deaths; kerosene explosions for 17; clothing in contact with fire, for 1; lodging and dwelling house fires, 8; children playing with matches, 4; and the rest scattering. It is noteworthy that the list shows that three adults committed suicide by fire and that the specific cause of one death was unknown. This last item indicates that much more care is exercised in discovering the specific cause of fire when it causes loss of life than when it causes loss of property. —Fire Protection.

"If an invading army landed in New York I suppose the first thing they'd do would be to take possession of the banks."
"Being poor, ignorant foreigners, they probably would, but if they knew anything they'd go after the hot hecking privileges in the hotels and restaurants."

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good. I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it. Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

EXECUTIVE DEPARTMENT STATE OF NORTH CAROLINA RALEIGH

A Proclamation by the Governor

The General Assembly of nineteen hundred and fifteen amended the insurance laws of North Carolina, and, among other things, enacted:

"It shall be the duty of the Insurance Commissioner and Superintendent of Public Instruction to provide as far as practicable for the teaching of 'Fire Prevention' in the colleges and schools of the State, and, if the way be open, to arrange for a text-book adapted to such use. Also by adding to said section as section four thousand seven hundred and twenty-one (b) the following: 'The ninth day of October of each and every year shall be set aside and designated as Fire Prevention Day, and the Governor shall issue a proclamation urging the people to a proper observance of the said day, and its observance to the attention of the officials of the municipalities of the State, and especially to the firemen, and, where possible, arrange suitable programs to be followed in its observance.'"

Now, Therefore, I, LOCKE CRAIG, Governor of North Carolina, in accordance with this statute, do issue this my PROCLAMATION, and I do set aside and designate

Monday, the 9th day of October, 1916, as Fire Prevention Day

and do urge all the people to a proper observance of this day in obedience to the law of North Carolina. I urge the public schools of the State and the municipal officers thereof to give proper and formal recognition of the day and its meaning, and request the citizens generally to give special attention on that day to the condition of their premises, to the end that the waste and loss of property and life by fire may be reduced in this State.

The loss by fire amounts approximately to three million dollars a year in North Carolina. A large per cent of this loss is unnecessary and can be prevented. Human life, too, is needlessly sacrificed.

We should remedy the conditions that entail this enormous expense and loss suffered, not only by those whose property and lives are destroyed, but by all citizens in the high rates of insurance caused by unnecessary fires. The prevention of the needless destruction of the fruits of our labor and of human life is a duty dictated by economy and humanity.

By the Governor.

NEIGHBORLY SUGGESTION

Lenoir News.

As Caldwell county is not going to have a fair this year—it was thought best not to have one on account of conditions resulting from the July floods—it will be a handsome and neighborly thing to do to turn out to the Catawba Fair at Hickory October 23-27.

It is to be an exceptionally good one, and the mingling of the people of the two counties on this occasion will be one of delight and beneficial intercourse. The brushing together of Caldwell and Catawba, whose interests are so closely interwoven, will be an inspiration to all who attend; and the good fellowship will be a pleasing incentive and a happy memory for the ensuing year's work. Much can be learned and gained by attending the Catawba Fair which has always been a good one. Let us all see it this year. Let's be real neighborly, and go down in our best "bib and tucker," and make ourselves "at home," with our good neighbor across the line. We can see what they have and "go them one better" when we hold our next Caldwell Fair, and give them the chance to "return the compliment" of our visits.

TO PREVENT OLD AGE COMING SOON!

"Toxic poisons in the blood are thrown out by the kidneys. The kidneys act as filters for such products. If we wish to prevent old age coming too soon and increase our chances for a long life, we should drink plenty of pure water and take a little 'Anurie,'" says the famous Dr. Pierce of Buffalo, N. Y.

When suffering from headache, frequent or scanty urine, rheumatic pains, here or there, or that constant tired, worn-out feeling, the simple way to overcome these disorders is merely to obtain a little "Anurie" from your nearest druggist and you will quickly notice the grand results. You will find it thirty-seven times more potent than lithia, and that it dissolves uric acid as hot water does sugar.

RUMANIAN TROOPS RETIRE BEFORE SUPERIOR NUMBERS

Bucharest, Oct. 7.—via London.—Rumanian troops have withdrawn from the positions in the region of Fogaras, Transylvania, before attacks of superior forces, says the official statement issued by the war office today. Violent engagements continue in other sections of Transylvania.

CYCLISTS FORM BATTALION

(By Associated Press.) Vienna, Oct. 7.—The "Austro-Hungarian cyclist naval battalion," forms part of the Austro-Hungarian army, naval section, and is being used in the defence of the Adriatic Coast. The sailor cyclists are able to cover quickly wide stretches of the coast, the defence of which is entrusted to the navy, to beat off raids, attempted landings or aerial attacks.
